7 CE Credit Hours

CRESTAL SINUS ELEVATION TECHNIQUES: HANDS-ON WORKSHOP

Presented by
Dr. Daniel R. Cullum
7 CE Credit Hours

Crestal sinus elevation offers a minimally invasive approach for implant placement in immediate or healed sites. Utilizing osteotomes, crestal drill stop systems and other advanced techniques, this procedure can provide patients with faster healing times and minimal discomfort. Using case studies and a video library, Dr. Cullum will present straightforward, advanced and complex scenarios for treatment options, skill development and referral assessment. Attendees will have the opportunity to use the instruments, grafting materials and implants in a hands-on setting.

AGENDA

Check-in:	7:30am-8:00am
Lecture:	8:00am-12:00pm
Lunch:	12:00pm-1:00pm
Lecture:	1:00pm-2:30pm
Hands-on:	2:30pm-4:00pm

Dr. Dan Cullum

Dr. Dan Cullum practices Oral and Maxillofacial Surgery in Coeur d'Alene, Idaho, with an emphasis on immediate and minimally invasive techniques in esthetic implant reconstruction. He earned his dental degree from the

University of Alberta, Canada, and completed his specialty training in Oral and Maxillofacial Surgery at Westchester Medical Center, New York. He is a diplomate of the American Board of Oral and Maxillofacial Surgeons and is on faculty as a visiting lecturer at both Loma Linda University and UCLA in the Departments of Oral and Maxillofacial Surgery. He speaks internationally and has written numerous articles and textbook chapters, and served as editor of a new textbook titled *Minimally Invasive Dental Implant Surgery*. Dr. Cullum has served in national, state and local leadership roles, and is the president of Implants Northwest LIVE Learning Center, a continuing education institute in Coeur d'Alene, Idaho.
